"with" is a very common word and was not included in your search. [\[details\]](#)
Lowercase "or" was ignored. Try "OR" to search for either of two terms. [\[details\]](#)

Patents

Patents 1 - 10 on message authentication code with check value or tag value. (0.12 seconds)

System and method for fast nested message authentication codes and error correction codes

US Pat. 6845449 - Filed Jul 21, 2000 - Networks Associates Technology, Inc.

20 This **message** may also be sent when a "soft decision" is made regarding a ...
the HMAC results in an integrity **check value** (ICV) or an **authentication tag**. ...

Contactless proximity automated data collection system and method

US Pat. 6480101 - Filed Jul 28, 2000 - Cubic Corporation

If **Tag** 106 receives a "wakeup" **message** after transmitting 5 its ... and "ack")
end with a **message authentication code** (MAC), which performs two functions. ...

Software-efficient message authentication

US Pat. 5651069 - Filed Dec 8, 1994 - International Business Machines Corporation

5 hashed **message** to generate a **tag**. The **tag** and possibly other and more particularly
to methods by which a party can bined {o ^ ^ **authentication code** The ...

Contactless proximity automated data collection system and method

US Pat. 6097292 - Filed Sep 19, 1997 - Cubic Corporation

Message Authentication Five of the six **message** types exchanged between **Tag** ...
end with a **message authentication code** (MAC), which performs two functions. ...

Identification code management method and management system

US Pat. 7178026 - Filed Jul 12, 2005 - Hitachi, Ltd.

In the case where the order information includes no key for generating the **message**
authentication code, a random number is generated and the **value** thus ...

Identification code management method and management system

US Pat. 6934842 - Filed Mar 9, 2001 - Hitachi, Ltd.

In the case where the order information includes no key for generating the **message**
authentication code, a random number is generated and the **value** thus ...

Method and apparatus for creating, supporting, and using travelling programs

US Pat. 5337360 - Filed Jan 5, 1994

If the file name is not accessible by examined, a **check** is made to determine
whether an 40 the user>then ^ error **code/message** is returned to the overall ...

Method and apparatus for creating, supporting, and using travelling programs

US Pat. 5390247 - Filed Sep 20, 1993

As the signature in the closure segment. 10 trigger a P-code interrupt, in which
the logic from user-to-user transmission signature **authentication** with ...

Self-authentication of value documents using encoded indices

US Pat. 6212504 - Filed Jan 6, 1999 - Unisys Corporation

There are other file formats that are equally useful for integrating the bar **code**
into a **check** for printing using a laser or ink jet printer. ...

Smart card fast-clamping receiver for pulsed RF fields

US Pat. 7075411 - Filed Nov 5, 2002 - Cubic Corporation

Message Authentication Five of the six **message** types exchanged between Tag ...
end with a **message authentication code** (MAC), which performs two functions. ...
